Decision to Come at the Next Ways and Means Meeting.

(By Associated Press.)
WASHINGTON, Dec. 27. — When the majority members of the Committee on Ways and Means come together again Ways and Means come together again they will have to decide upon the two reports submitted by the Sub-Committee on Internal Revenue, one by Messrs. McMillan and Bryan in favor of a tax on all incomes, including individuals, and the other by Mr. Montgomery in favor of a tax on corporate investments.

The tax of \$1.50 per 1,000 on cigarettes and six cents a pack on playing cards it is thought will yield \$5,000,000, making the special taxes in all \$45,000,000, which several members of the Committee think is all that is necessary to provide for by legislation at present.

(By Associated Press.)

WASHINGTON. Dec. 27.—Senator Chendler (Rep., N. H.) contemplates the introduction in the Senate after the reconvening of Congress of a resolution tasking the United States to invite all the countries of the world, Eastern, Western and Southern, to attend a monetary conference.

The new teature of this proposed conference is that it shall not be restricted to the European gold-standard countries and Oriental silver.

Moreover

ference is that it shall not be restricted to the European gold-standard countries, but shall include the South American and Oriental silver-standard countries. Moreover, the invitations to the conference are to contain a decinration of the United States that the purpose of the conference shall be the establishment and maintenace of an international ratio, with the specific declaration added that if such a rutio cannot be agreed upon it will be the purpose of the United States to adopt a single standard, and that standard not gold, but silver.

By taking this extreme position, Senator Chandler thinks the hands of the gold-standard countries not now trading extensively with the Western world can be forced.

Mrs. Arthur Paget, daughter of Mrs. Paran Stevens, moved before Judge Bischoff, of the Court of Common Pleas to-day, for the removal of John L. Melcher and Charles G. Stevens as trustees of her share in the estate of Paran Stevens.

Mrs. Paget says that she has long noticed that her mother, who was one of the trustees of the same trust, had not been treated as a co-trustee by the other trustees and that they had ignored her. In opposition to the motion it was contended that the Court had no jurison all incomes, including individuals, and the other by Mr. Montgomery in favor of a tax on corporate investments.

Until this is decided there will be nothing done about the rate of taxation, although it is proposed by the McMilian-Bryan plan to make it 2 per cent, and upon incomes of \$4,000 a year and upward, yielding an estimated revenue of \$10,000,000.

If this decision is unheld by the higher courts (an appeal is to be taken) it will at least cause theracing associations to take down their mutual stands. Auction pool selling has not been indulged in for many years on the metropolitan courses. Howe & Hummel, who have been work ing for some time for a decision on the constitutionality of the lves law, will endeavor to get a more definite opinion in the appealed case. Mr. Hummel solemnly said this morning: "That decision is the death knell of the Ives Pool law."

Peter De Lacy, that indefatigable fighter, is behind all these movements to probe into th legality of the Ives Pool Law. He has been pegging away ever since the Dwyer's tried to shut out the pool-room men and prevent them from getting information from the track. De Lacy contended, and perhaps justly, that he had as much right to make book on Park Row, this city, as the Dwyer's had to do the same thing inside of an inclosure at Gravesend. He set out, therefore, to learn what kind of a law it was that permitted crime or one side of a street, and prohibited it on the other.

Racing associations are a trifle "piggish," if such an expression may be used. They closed the pool-rooms because they wanted more profit in their meetings. It was the business of the municipal authorities to close these places and not that of the racing associations, and the pool-room men revolted at what was termed unwarranted interference in their business. Hence the activity of the pool-room men in endeavoring to have the Ives bill declared unconstitutional. It was internal bickerings that caused all the trouble in New Jersey. It may end in the same manner in this State.

No fresh news from Jacksonville this morning. Neither Gov. Mitcheli nor the Duval Athletic Club people had anything to say, so the matter remains in statu quo. Mitchell is expected in Jacksonville to-day. Manager Brady has desparted for the South.

Regarding Sheriff Broward, of Duval County, whom Gov. Mitchell counts much upon to assist him in preventing the contest, Brady said that the Sheriff was very liberal in his views on pugilism and had essured Corbett that there need be no fear of arrest, provided there was no prize fight. Brady has booked Corbett to appear at Madison Square Garden Jan. 27. An interesting statement comes from Havana, Cuba, where it is said a "wealthy syndicate" is making overtures to Corbett and Mitchell and the managers of several high-class beavy-weight bulls for a grand sporting show. The bulls have accepted the proposition and are now on their way. The resignation of Col. Lewis M. Clark as President of the Mexican Jockey Club, would indicate that Col. Pate's Mexican venture was on its last legs. Secretary Hopper has likewise resigned. Col. Clark advances the plea of ill-health, as the reason for his retirement.
